**Subject:** Supervision Guidelines

The guidelines seem reasonable but I am not sure about what the expectations are to provide supervision to this group

1. Can I employ unregistered OT's if they are undertaking a period of supervision in order to be eligible for registration.
2. What level would they be paid while they are being supervised until they are registered.
3. Are they covered by the NSLHD for liability etc
4. Or are we expected to take on an OT needing to complete a period of supervision as an unpaid OT on top of our staffing as we are with students.
